

Kitten Wellness

Veterinary Wellness Center is committed to providing convenient care in a low stress environment.

Between 8-16 weeks of age, our veterinarians recommend that all kittens should get:

CORE VACCINES:

- RCP x3
- Leukemia x2
- Rabies

TESTING & PARASITE CONTROL:

- Leukemia/FIV test
- Fecal testing x2
- Heartworm protection
- Flea & tick protection

Vaccine visits start at \$155-180 depending on your kitten's age. Additional charges apply for viral testing, fecal testing, and parasite prevention.

ADD-ONS: Nail trim training \$20

Ask about our Signature Wellness package to get all this and more through your kitten's first year!

BUNDLE & SAVE
