

# Puppy Wellness

Veterinary Wellness Center is committed to providing convenient care in a low stress environment.

Between 6-18 weeks of age, our veterinarians recommend that all puppies should get:

## CORE VACCINES:

- DHPP x4-5
- Bordetella
- Leptospirosis x2
- Rabies

## PARASITE CONTROL:

- Fecal testing x2
- Deworming treatment
- Heartworm protection
- Flea & tick protection

Vaccine visits start at \$100-150 depending on your pup's age. Additional charges apply for fecal testing, deworming, and parasite prevention.

**ADD-ONS:** Pain medication \$9    Nail trim training \$20

Ask about our Signature Wellness package to get all this and more through your pup's first year!

## BUNDLE & SAVE

Add important services to your puppy's vaccine appointment to qualify for these coupons\*!

- ✓ Heartworm prevention: \$5 off
- ✓ Heartworm + Flea prevention OR Parasite testing: \$10 off
- ✓ Heartworm + Flea prevention + Parasite testing: \$20 off

\*Applied at check-out when diagnostics are completed and/or in-clinic medications are purchased during the vaccine appointment.
